WADEBRIDGE DENTAL

CARING FOR SMILES

A WARM WELCOME TO A NEW ERA

WWW.WADEBRIDGEDENTALCARE.CO.UK

WADEBRIDGE DENTAL IS ONE OF THE LARGEST FAMILY RUN DENTAL PRACTICES IN THE SOUTHWEST

Beautifully designed internally and externally, with a relaxing and comforting atmosphere, some say its like visiting a Spa! Offering Advanced, Private & NHS dentistry, as well as Facial Aesthetics.

Private rooms are available to discuss treatments confidentially, with the option of payment plans from as little as £8 per month for new patients, as well as 0% finance. We have over 50 5 star google reviews and over 700 excellent reviews on our website from Patient feedback.

OFFERS:

- 1) If you register as a private patient your children under the age of 18 go free.
- 2) Refer a friend/relative to join as a new private patient we will credit your account with £20 towards dental treatment and £20 in your friend or relatives account once they have had their dental examination.
- 3) If you have a toothache or dental emergency whilst on holiday in Cornwall or live in Cornwall and do not have a dentist we will be able to see you and get you out of pain in our available appointment slots.

Contact us by email info@wadebridgedentalcare.co.uk or phone 01208 813816 or book online at www.wadebridgedentalcare.co.uk. The appointment will include an item of treatment to get you out of pain. This appointment will be £150.

- 4) Free teeth whitening (worth £350) when paying in full at the start of treatment for teeth straightening.

CUSTOMER REVIEWS:

★★★★★

" Highly professional team, excellent service from the minute you go through the doors. They do their very best to put you at ease and look after you. The surgery looks amazing, spotlessly clean and staff are extremely friendly and understanding. "

Katherine Keat

★★★★★

" All the team are friendly and understanding, The best dentist in the area. Thank You. Love the work you're doing at the practice. "

Liz Dyke

AT WADEBRIDGE DENTALOUR PRIMARY CONCERN IS THE HEALTH OF YOUR TEETH AND GUMS BUT WE CAN ALSO HELP YOU ACHIEVE THE SMILE YOU HAVE ALWAYS WANTED WITH OUR RANGE OF COSMETIC TREATMENTS

DENTAL IMPLANTS

A dental implant is a small but very strong post made from biocompatible metals or ceramics. Under local anesthetic, it is inserted into the jaw bone in place of the missing tooth root and acts as a support for the tooth. Dental implant therapy is today's long-term, state of the art restoration technique that can cover all indications. It has been scientifically tested and used in the last three decades by qualified dentists and surgeons worldwide.

FAST BRACES

A fully comprehensive orthodontic system to straighten teeth safely in the shortest possible time using clear or metal braces. This often takes less than half the time of traditional braces.

SIX MONTH SMILES

Our dentists are qualified in providing Six Month Smiles to straighten teeth. Six Month Smiles can be used on teeth which are crooked, twisted or even gapped. Tooth coloured wires and brackets are used making it a popular option for adults who may not want to wear a traditional 'train track' metal fixed brace.

INMAN ALIGNER

The Inman Aligner is a clear plastic retainer with two spring loaded aligning bars that fit easily over the front four teeth. Unlike a regular brace, the Inman Aligner provides a constant gentle pressure on the teeth, easing them back into place far more quickly.

Apart from its aesthetic benefits, the Inman Aligner is easy to use and can be inserted and removed at any time, allowing eating, brushing (and kissing) to continue as normal. Once teeth have moved to the desired position, a very discreet retainer holds them in place, so they remain in their new position.

TEETH WHITENING

Our teeth whitening treatments can help you achieve an amazing white smile. We use Enlighten Evolution professional teeth whitening treatment which is the only system in the world that will whiten up to 16 shades easily and safely and will give you a dramatic look. Alternatively, we offer Opalescence tray whitening system which also gives great results.

SKIN CARE

ZO Skin Health, Inc. develops and delivers innovative skincare solutions that optimize skin health based on the latest advances in skin therapy technologies, unique delivery systems, bioengineered complexes, and exclusive formulations. We offer a range of award winning world renowned skin care products as well as at home and in office ZO Medical Peels

NATURAL TOOTH COLOURED FILLINGS

Unightly metal fillings can be replaced by tooth coloured fillings to improve the look of your teeth and smile.

VENEERS

Veneers provide a very thin covering to hide discolouration on teeth and close unsightly gaps, often with little work needed to the tooth itself.

CROWNS AND BRIDGES

We can cover unsightly teeth with crowns and spaces between teeth can be filled using bridges. Advances in technology allow these teeth to appear more natural and black lines around the gum margins are less likely to occur. It is a cost effective way to replace teeth compared to implants.

DENTURES

We offer a range of private dentures to replace old, worn or ill-fitting dentures to improve the function and your smile. The options include flexible dentures and smaller metal dentures in addition to the traditional acrylic type.

FACIAL AESTHETICS

Anti-wrinkle injections are available to achieve your desired youthful natural appearance. We can provide both Botox and Dermal Fillers subject to assessing your suitability at an initial consultation. Dentists are well placed after additional training to administer these injections due to extensive training on the facial anatomy during their 5 years of dental training.

STAIN REMOVAL

Aquacare is a very effective, comfortable and quick cleaning procedure. A fine stream of fluid combined with a tiny volume of powder is directed at the teeth to remove stains such as food, tea, coffee, wine and tobacco. It is a non-invasive and painless procedure leading to a cleaner, brighter smile.

DID YOU KNOW... PRIVATE APPOINTMENTS WITH THE HYGIENIST CAN NOW BE BOOKED WITHOUT HAVING TO SEE A DENTIST FIRST!

Our dental hygienists, Jo and Clare, are specially trained members of the team who have a very important role in your oral health. They believe that it is important to educate patients on their oral health status and will always find the time to discuss and create personal oral health regimes that work for their patients.
